

- On behalf of the European Board of Medical Genetics (EBMG), we take pleasure in informing you that the 2016 registration process for the European registered Clinical Laboratory Geneticist (ErCLG) has started and is open until September 15, 2016.

Information on eligibility criteria, required documents and the submission process can be found at www.ebmg.eu.

Applications can be made exclusively via the online submission tool.

The EBMG looks forward to receiving your submissions. Please feel free to forward this information to interested colleagues.

With best regards,

Thomas Liehr and Isabel M Carreira

(European Board of Medical Genetics - Professional Branch Board for Clinical Laboratory Geneticists)
